

STATEMENT OF PURPOSE

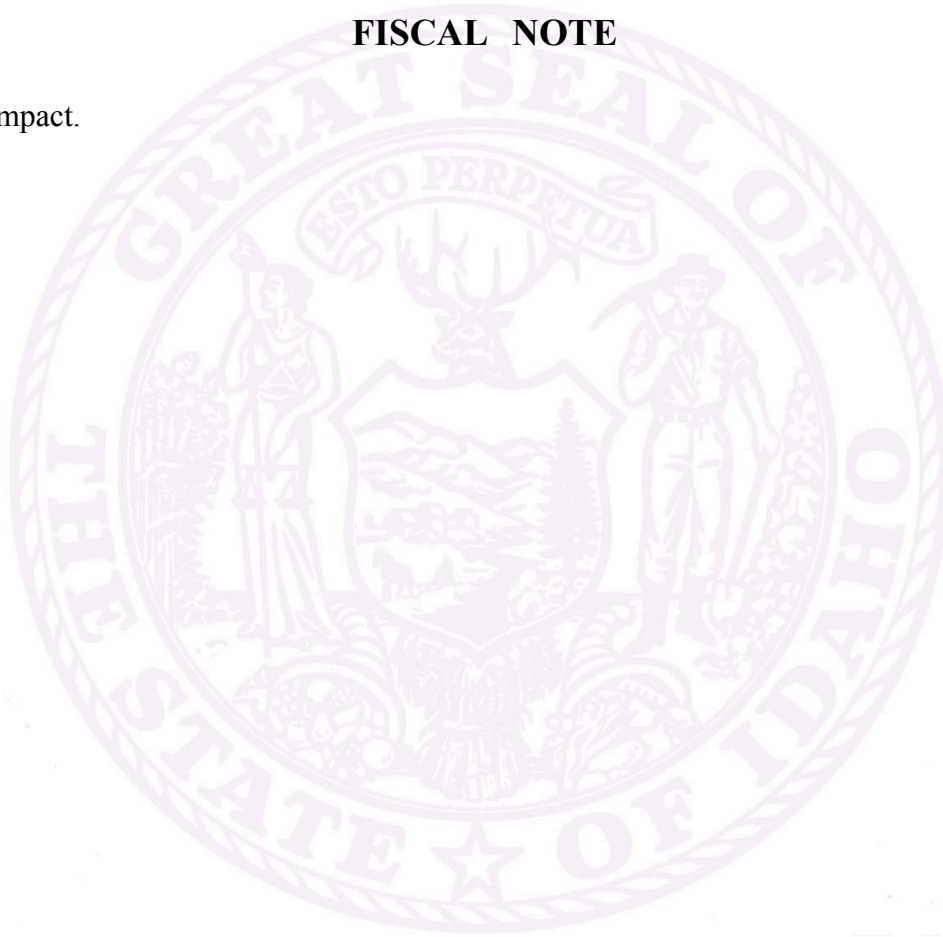

RS19995

This technical correction updates the statute to reflect the Idaho Department of Correction current organizational structure for exempt employees. Current law defines exempt employees in numeric detail. This amendment strikes numeric values from section (r) of the code.

Since the law was amended in 2002, the number of deputy administrators and administrators within the Department of Correction has changed numerous times, most recently with the deletion of a deputy administrator.

FISCAL NOTE

No fiscal impact.
